From Tools sections of CPS, press "Software Control License Apply"

Too	s Window Help
	Load Font Library And Language Package Load Fixed Voice Data
	Export Digital Contact Import Digital Contact
	Export Channels Import Channels
	Software Control License Apply
	Software Control License Register
	CPS data Translate CPS model Convert
	Load User Record Data

The screen after a few seconds should show the following:

	Create a new license fi	le
	Open a Local license fil	e
No.	License Number	
		Start Read
		Delete
		Delete All
-		
-		

Press the "Create a new License File" and you should see the following:

	Create a new license	file
No.	License Number	
		Start Rea
		Delete All

Press the "Save" key. And you are back to the following screen:

Now press the "Open a local License file" and you will get:

😚 License App	ply - CSI			
		Create a new lice	nse file	
		Open a Local lice	nse file	
🌍 Open				×

		Create a new lice	ense file		
		Open a Local lice	ense file		
No.	License Number				
				Start	Read
				Dele	ete
				Delet	e All

Double Click on the "License.lc" and the screen should go back to:

	Create a new license file
	Open a Local license file
No.	License Number
<u> </u>	Start Rea
	Delete
	Application
	The radio has been registered!

Now press the "Start Read" key and you might get the following:

Press the OK key and you are finished. It means your radio already has been registered and there is nothing for you to do.

If the radio is not registered, then you will see a License Number like that shown below. Take the file that was created and e-mail to

jerry@connectsystems.com

🍞 License Aj	pply - CSI	×
	Create a new license file Open a Local license file	
No.	License Number	
	9295E9EBEAB50A175A82F90814C52FAB	Start Read Delete Delete All

I sent you back a file to register the radio. Now go back to the tool section of the CPS and press the "Software Control License Register"

Tools Window Help
